

## Contracted Advisory and Assistance Services (CAAS) IV

### Agile, technically adept companies

USfalcon was founded on the principle of doing the right thing – even when no one is looking. Our organizational structure enables us to foster agile, responsive partnerships that exceed the expectations of our customers. USfalcon has assembled an accomplished team to offer superior solutions to Air Combat Command (ACC) and Air Force Washington District (AFDW).

### Accomplished prime contractor

USfalcon has core competencies and proven capabilities to deliver the following integrated services and solutions in support of CAAS IV task orders:

- Training
- Logistics
- Software and systems engineering
- Information technology
- Electronic warfare and wargaming
- TENCAP program management
- IAMD support
- Aviation engineering support
- Air Force lessons learned

### Mature processes and infrastructure

USfalcon employs an ISO 9001:2008 certified Quality Management System in order to effectively assess our abilities to deliver quality solutions and services. This system, coupled with our mature infrastructure and integrated into our team management, gives us the ability to deliver rapid, valuable solutions anytime, anywhere. Thus, our customers receive high quality, value-added services and solutions.

### Competitive cost structure

USfalcon planned for success and invested in our infrastructure and resources as we grew, allowing us to offer our customers exceptionally competitive pricing. The result of this strategic planning is a skilled, prime contractor with the capability to manage locally and deliver globally, bringing best value on schedule and within budget to our customers.

### Proven global operations

USfalcon is proud to serve side by side with our customers, wherever needed. We currently perform projects in over 20 states across the US. USfalcon also performs contracts at several OCONUS locations.

### Customer-focused

USfalcon is built on shared values and ethos dedicated to the success of our customers. Our #1 goal is to contribute significantly to our customers' success. We listen, understand, and add value to projects our customers entrust to us.
